

INSTALLATION GUIDE - SWINGURU PRO

Go to the download page <http://www.swinguru.com/golf/downloads-golf/> and click 'DOWNLOAD'

DOWNLOAD

SWINGURU PRO GOLF SOFTWARE

1. Click **Download** on the button here below.
 - The download process can take several minutes (the process varies, depending on your browser).
 - If you have already downloaded the free trial, you don't need to download the software again.
2. **Plug in your Kinect** for Xbox One camera to a USB 3.0 port of your computer, upon completion of the installation.
3. **Launch Swinguru** software by clicking on the icon that has been created on your computer desktop.
4. **Select Register** (registration ID needed).
 - Registration ID is sent in a separate email after having completed your purchase online on our store.
5. **Enjoy Swinguru.** You are now good to go.

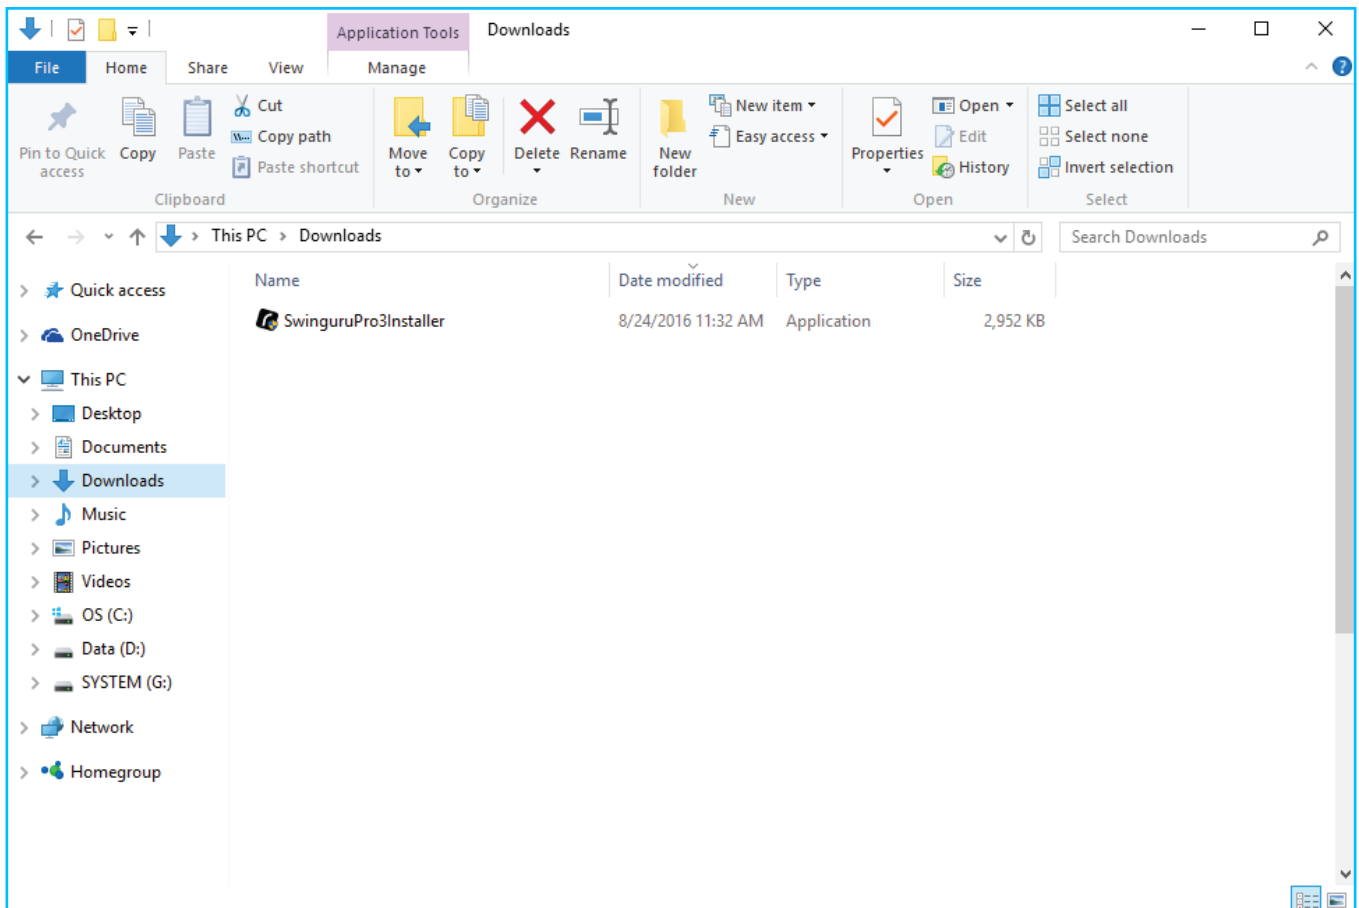

WEB INSTALLER
Kinect for Windows v2 / Kinect for Xbox One with Adapter

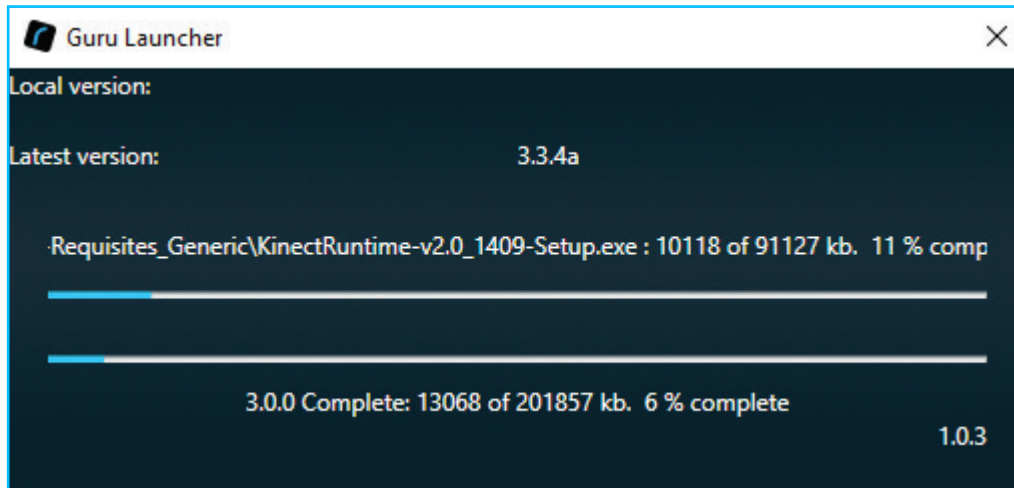

[DOWNLOAD](#)

Make sure that your PC meets or exceeds the minimum system requirements stipulated here below in order to get the best results from Swinguru.
Need help to verify if your PC meets the minimum system requirements? We're always here for you!

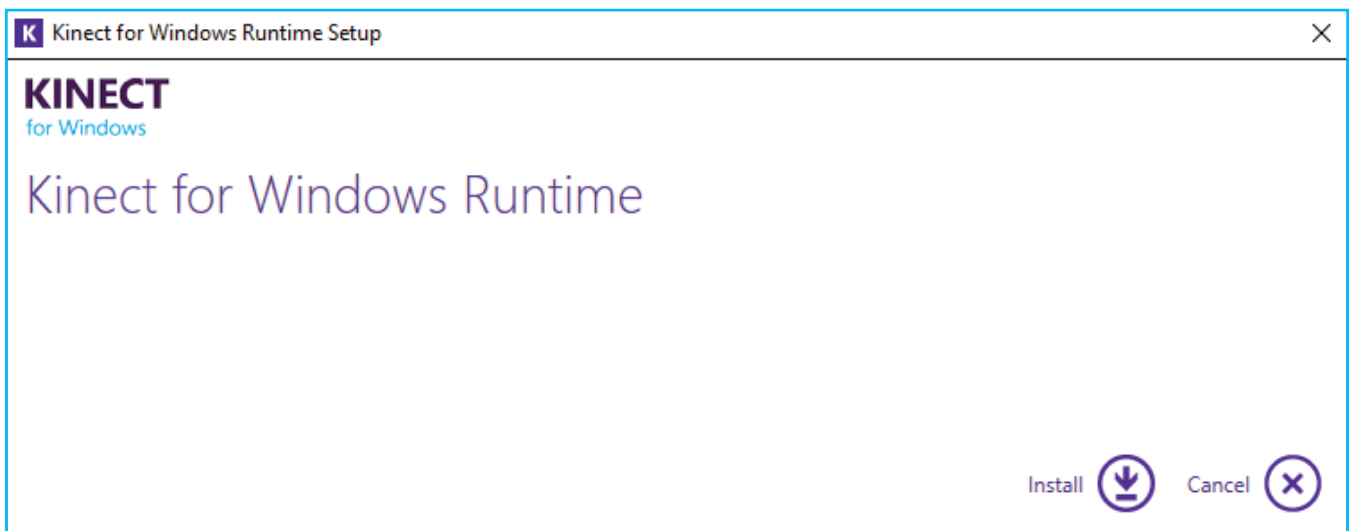

Go to your Downloads folder and **launch the 'swingurupro3installer.exe file'**

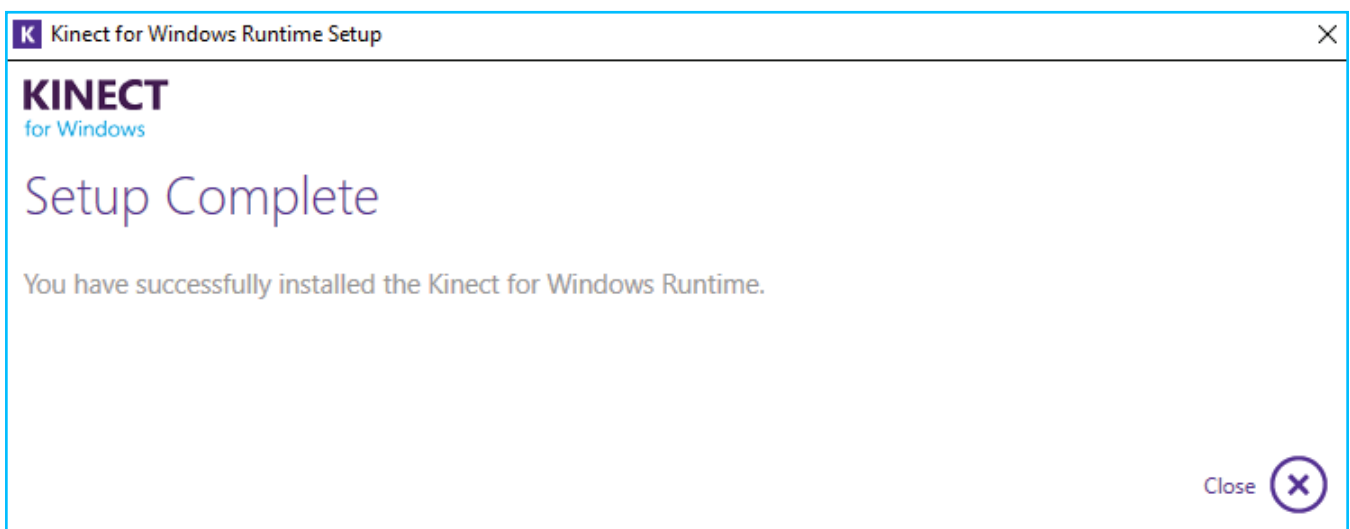

Wait for the launcher to finish downloading

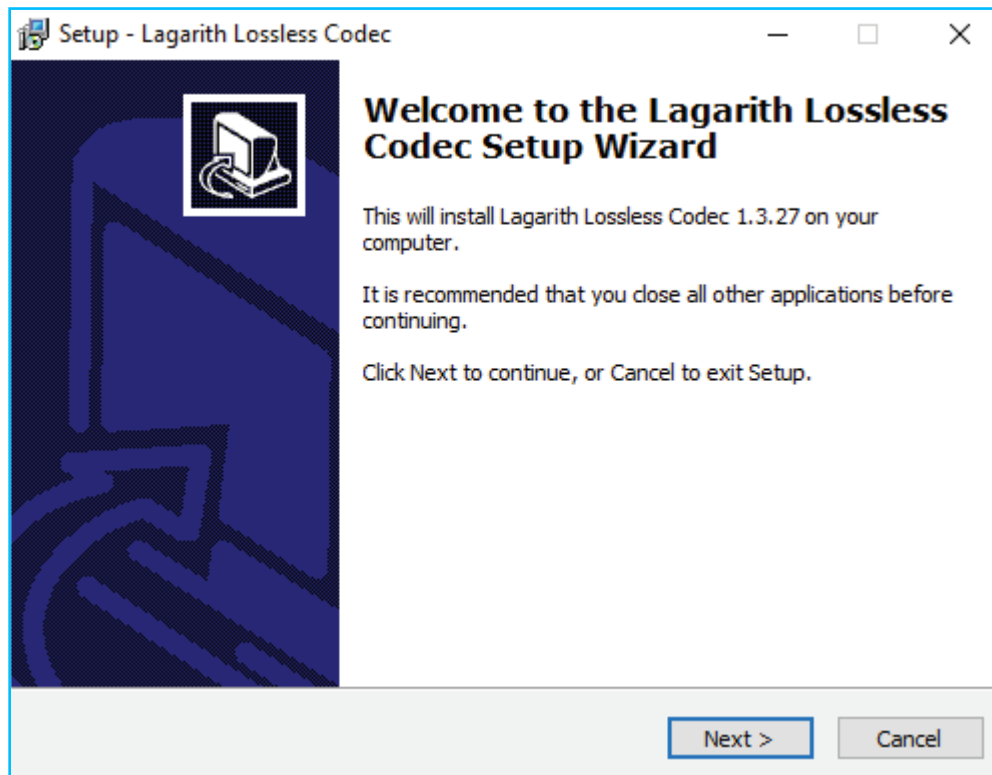

Click 'Install' to install kinect drivers

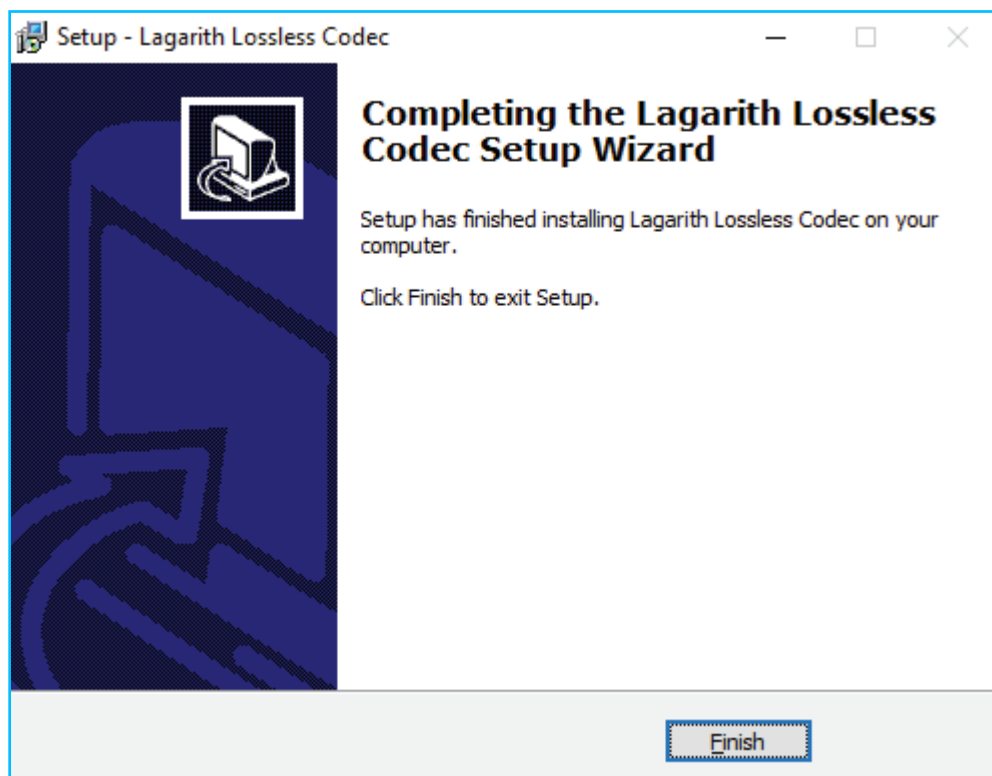

Click 'Close' to continue

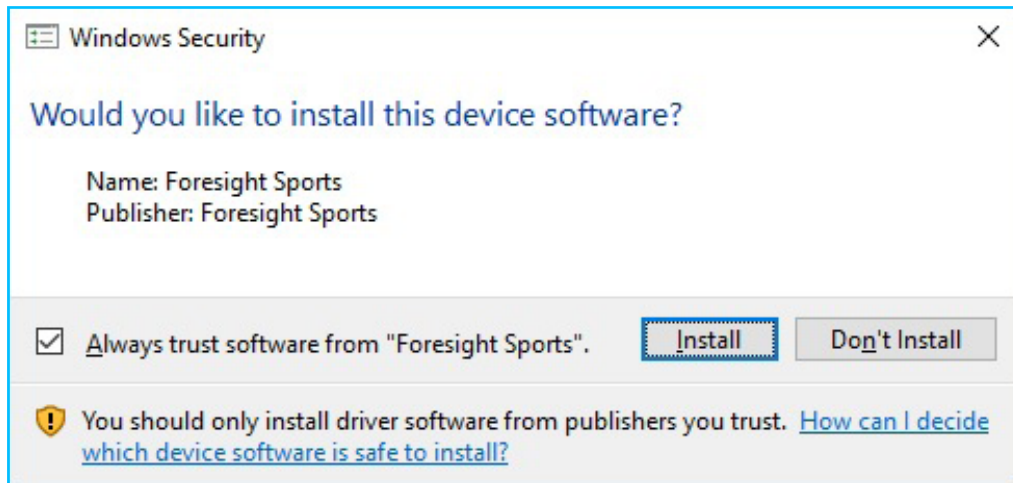

Click 'Next' to install the Codec

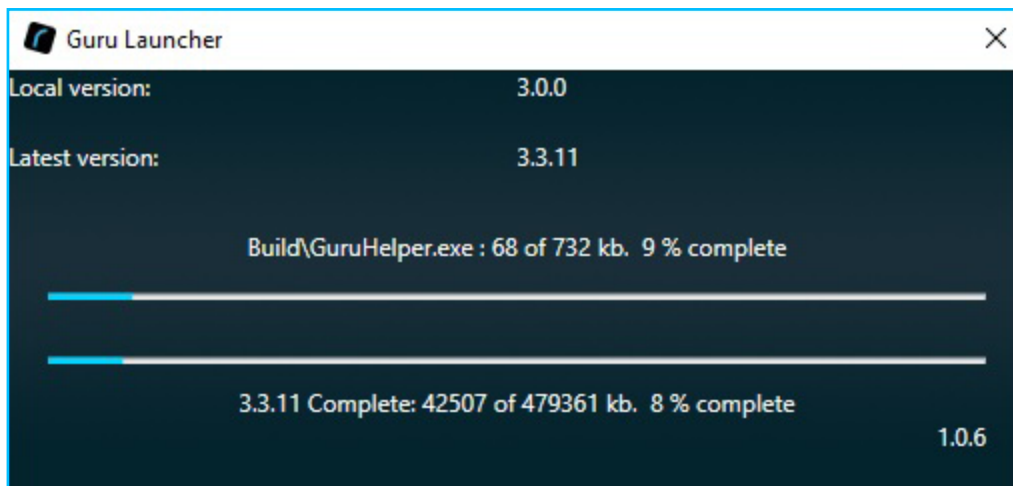

Click 'Finish' to continue

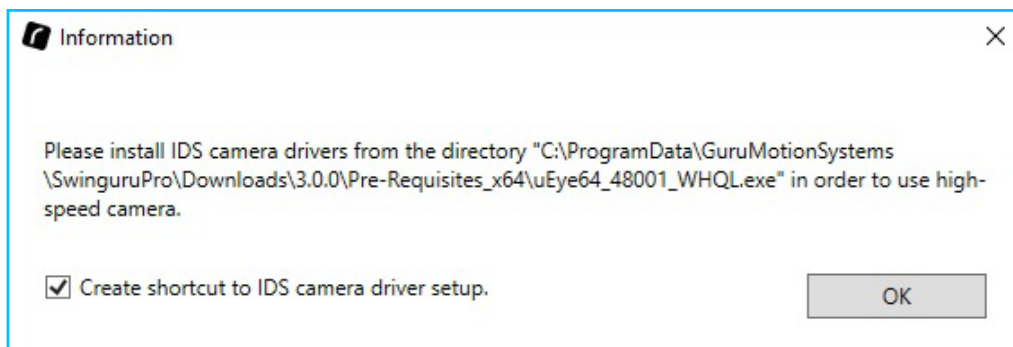

Click 'Install' if you want to install the Foresight device drivers

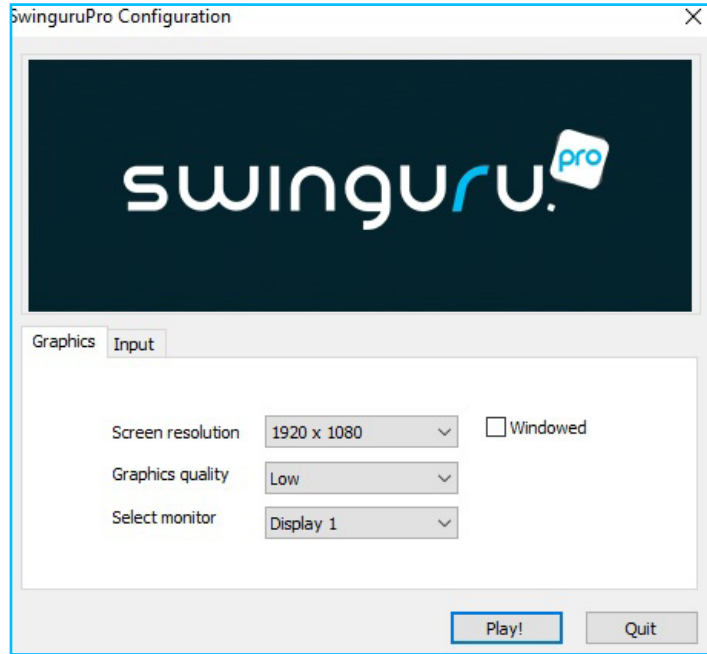

The launcher will continue the installation process

Click 'OK' if you want to install the IDS device drivers (high speed camera)

Once done the software will launch automatically, click **'Play'** to enjoy Swinguru

'Click' the Swinguru icon on your desktop to run Swinguru
